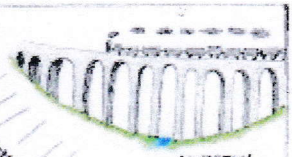
Clarkson's Wood

An adventurous walk of about 2 miles (3km); steep steps, slippery and muddy when wet with often confusing pathways. Park carefully in Cleveland Street

③ Rough Horsetail
the largest patch of this species of 'living fossil' in our area



LIVERTON VIADUCT built 1867

① when one of the brick viaduct supports was damaged in 1911, nine spoil cans dumped around the viaduct to strengthen the footing, creating what we see today

Kilton Beck

take the narrow path downhill just before the spoil heap starts

Scarlet Elf-cup ②
grow here on mossy dead branches in the winter

Giant Bellflower
× July Flowers

Early Purple Orchids May

Petter Bridge

steep steps

wet and muddy with fallen trees

Hedgerows

Hedges

Flowering Field

LOFTUS

Wood anemone Spil

④ orange iron-rich water seeping into pond ⑤

Ramsons (Wild Garlic) white flowers in May

Stile

Cleveland Street

LIVERTON MINES

LIVERTON

Small-leaved Lime

⑤

⑥ Ruins of medieval Kilton Castle (on Private land)

Ancient Woodland owned and maintained by Redcar & Cleveland Council on behalf of local people.

Lime trees here have been cut and harvested and then regrown for hundreds of years: each individual resprouting and growing ever wider, like a fairy ring
